SUMMARY

Brand & Digital Designer using systemic thinking to balance on-brand identity with scalability. Always curious about sustainable production and brand activation.

EXPERIENCE

Junior Designer June 2026 - Present
Wakuli · Amsterdam,NL

- eCommerce PDP Redesign & Image Specs: Redesigned PDP/Collection pages to boost subscriptions and standardized photo assets into uniform web-ready specs.
- LMS Content Systemization: Migrated course modules to 360Learning and created modular Figma banner variants so internal teams can publish branded content quickly.
- Figma System & Design Tokens: Set up Figma color and typography tokens across social, paid ads, and print assets for instant, synchronized updates.
- AI-Powered Workflow Automation: Used AI tools in heavy presentation workflows (Investor decks, Brand Books) to speed up production while keeping brand consistency.
- 360° Campaign Execution: Led visual design for brand pop-up events, aligning email, social, and print collaterals.
